25-year guarantee as standard

The Coastline stainless steel range is surface and corrosion guaranteed for 25 years. Many products are also covered by VBH's Q-secure security guarantee. The recently launched Aspire handle comes in a wide choice of finishes and is ideal for operating heavy doors.

All VBH stainless steel products are suitable for aggressive coastal and industrial-polluted areas and have undergone over 1,000 hours of salt spray testing.

#INNOVATIONwithoutlimits

greenteQ hardware is leading the way with suited furniture and hardware solutions designed specifically for the UK market. No other brand comes close! Outward opening and tilt and turn windows, residential doors, inline sliding patios, bi-fold doors, the Invisifold system and lift/slide doors are all included, giving manufacturers and installers a wide choice of innovative hardware for the supply and installation of their products.

Our new strapline - **INNOVATION without limits** - confirms our focus and direction. VBH's dedicated UK research and design team are constantly developing new products to ensure our customers stay ahead in their markets with leading design and performance.

greenteQ Guarantee

All greenteQ products are backed by VBH's Q-secure guarantee. No small print or hidden terms, and homeowners are covered in the unlikely event of a break-in.

Visit www.qsecure.co.uk for more information.
