greenteQ Clearspan Security Bi-fold Door Hardware

The PAS24:2016 – Tested Solution for Smart Systems Visifold 1000 Bi-Fold Doors

VBH can now offer a greenteQ Clearspan bi-fold door hardware solution for Smart Systems Visifold 1000 folding doors that has been fully tested and approved to PAS24:2016.

By using just a few security components, manufacturers can upgrade their bi-fold doors from Standard to Security spec.

By offering a Security spec Clearspan bi-fold the manufacturer not only provides extra peace of mind, but can also supply into lucrative new build contracts. New build installations require Approved Document Q compliance and that comes as standard when building bi-folds to our PAS24 Security spec.

An additional bonus is that Security spec Clearspan bi-folds are also covered by our Q-secure 10 year hardware security guarantee, which installers can pass onto their customers at no charge. This is an excellent selling point.

Clearspan is a Q-secure PREMIUM rated product, meaning that it will pay the homeowner up to £8000 in the event of a break in caused by hardware failure.

PAS24 spec doors must be fitted with lockable intermediate locks. This can be achieved by fitting either a key-lockable greenteQ CentreFold handle, or a SlimFold handle with the provision to fit a profile cylinder.

Upgrading from standard to Security is easy with just a few minor hardware changes. All the VBH Item codes are shown on the following pages.

Benefits at Glance:

- Bespoke design ensures that all hardware fits the Smart Systems profile perfectly
- 3 attractive finishes - Black, White and Anthracite Grey
- All door patterns are possible
- 5mm vertical adjustment
- Slimline yet strong hardware looks great and keeps the home secure
- Tested at BSI to PAS24:2016
- VBH Security Spec teams greenteQ bi-fold gear with a Yale door lock and 3 star profile cylinder
- greenteQ Alpha door handles are available in 10 finishes to match or perfectly contrast the door colour
- VBH Security Spec Clearspan is Document Q approved
- VBH Security Spec Clearspan is covered by the Q-Secure security guarantee
- £8000 guarantee helps Approved Manufacturers and Installers sell more, for more
- greenteQ components are covered by the greenteQ 10 year mechanical and surface guarantee
- Yale components are covered by the Yale 10 year mechanical guarantee
