### architeQ Stainless Steel Pull Handles & Cylinder Rosettes

The architeQ Coastline range offers a selection of attractive pull handles in a matt brushed stainless steel finish, along with aluminium and stainless steel cylinder rosettes in various shapes.

Images of the pull handles can be found on the reverse. These are available in various lengths.

We also offer Coastline Pull bar handles with an Oval-profile bar.

2 examples of the cylinder rosettes are also overleaf but there are many more to choose from.

Fixing kits for all pull handles must be ordered separately.

VBH item codes for the handles and their relevant fixing kits can be found in the greenteQ catalogue, or on our VBH24 Customer Portal at [www.vbhgb24.com](http://www.vbhgb24.com)

#### Benefits at a glance:

- Stainless steel construction
- Wide variety of styles
- Fit as singles or in pairs
- Fixing kits for various door materials
- 25 year architeQ surface guarantee
- Q-secure PREMIUM approved product
