

greenteQ Cleaning and Care Kit

Perfect for the cleaning and maintenance of PVCu, aluminium and painted timber doors and windows and their hardware

Aftercare kits prolong the life of windows and doors, and provide the opportunity for an additional sale for every installation.

Our greenteQ Care Kit brings together the basic care products required for the consumer to keep their frames and furniture clean and smart, the hardware properly lubricated and something that is often overlooked, they also include a solution to keep the seals soft and healthy. A brittle gasket or seized hardware are no good to anyone!

Our 5-component kits are supplied in recyclable cardboard packaging and are available to order from stock using VBH Item Code 2QTC0040

KEY FEATURES AT A GLANCE
